

Conditions for using Bouncy Castles and other inflatable devices in the Hall

1. Before booking the Hall you need to give us evidence that you have public liability insurance in place. This is a requirement of our insurers. So you will need to get an email from whoever you are hiring the bouncy castle from that confirms that their public liability insurance will cover the event*, with a copy of that insurance attached to the email.
2. At the same time as booking the hall, forward that confirmation email to:
post@neuaddrhiwlas.cymru

No booking will be confirmed without this evidence that public liability insurance is in place.

3. When booking, remember to include enough time for both setting up and cleaning the hall afterwards, leaving it as found and taking your rubbish away with you.
4. The castle must not exceed 3m (10ft) in height.

**** Please note, only when a member of their staff is present can the event be covered by the bouncy castle hire company's insurance.***
